

BELTRAMI COUNTY FOREST MANGEMENT PLAN

January 2007

Beltrami County

Natural Resource Management
DEPARTMENT

ACKNOWLEDGEMENTS

Beltrami County's Forest Management Plan is a first step toward ensuring the viability of the county's forestland for the long term. Without the commitment of a large group of people dedicated to this process, this plan would not be possible. The NRM/HRDC planning team wishes to thank the following people individually for their support throughout this process, as well as generally thank all the citizens and partners who have shown an interest in a healthy and productive Beltrami County Forest.

Beltrami County Board

Jack Frost, Beltrami County Board Member
Quentin Fairbanks, Beltrami County Board Member
Jim Heltzer, Beltrami County Board Member
Ron Otterstad, Beltrami County Board Member
Joe Vene, Beltrami County Board Member
Tony Murphy, Beltrami County Administrator

Beltrami Natural Resource Management

Bob Milne, Beltrami County Director of Resource Management
Jim Pietruszewski, Beltrami County Forester
Paul Lundin, Beltrami County Forester
Kelly Brown, Beltrami County Forester
Dick Bing, Beltrami County Forester
Greg Snyder, Beltrami County Forester
Debra Tweet, Beltrami NRM Clerk

Joe Czapiewski, HRDC
Tony Mayer, HRDC

Beltrami County Forest Management Plan

Table of Contents

	<u>Page Number</u>
Section I – Introduction	1
Purpose	1
Scope	1
Process.....	2
Section II – Existing Forest Content.....	4
Landscape Content	4
Socio-Economic Content.....	11
Demographics and Land Use	12
Ownership Context.....	13
Trends in National Resource Management	15
Section III – Assessment.....	16
Description	16
Forest Cover Characteristics	17
Ecological Classifications	20
Forester Management Direction.....	20
District 1 Assessment	23
District 2 Assessment	26
District 3 Assessment	29
District 4 Assessment	32
Special Management Areas	35
Ecosystem Unit Analysis	45
Soils.....	48
Boreal Hardwood Conifer Landscape Ecosystem.....	51
Dry Mesic Pine Landscape Ecosystem	54
Dry Mesic Pine/Oak Landscape Ecosystem.....	57
Dry Pine Landscape Ecosystem	61
Mesic Northern Hardwoods Landscape Ecosystem.....	64
White Cedar Swamp Landscape Ecosystem	67
Section IV – Managing Lands now and for the Future.....	71
Vision and Mission.....	71
Beltrami County Vision Statement	71
Mission Statement for Beltrami County.....	71
Natural Resource Management Vision	71
NRM Department Mission Statement	71
Adoption of SFI/FSC Principles	71
Organizational Structure	72
Objectives/Strategies	72
County-Wide NRM Objectives/Policies	73

Management Unit Objectives	77
Desired Future Forest Condition	81
Landscape Ecosystem Objectives	81
DFFC by Species.....	84
Non-Commercial Stands	91
Long Term Harvest Schedule.....	91
Forest Stand Selection Process.....	98
Silvicultural Treatments	99
Appendix A	105

Maps

2-1 Beltrami County Forest Districts.....	9
2-2 Beltrami County Recreation Areas.....	10
2-3 Beltrami County Land Ownership.....	14
3-1 Beltrami County Commercial and NonCommercial Forest Stands	16
3-2 Beltrami County Forest Districts.....	21
3-3 Beltrami County Land within ¼ mile of a road.....	22
3-4 District 1 Commercial Forest Stands.....	25
3-5 District 2 Commercial Forest Stands.....	28
3-6 District 3 Commercial Forest Stands.....	31
3-7 District 4 Commercial Forest Stands.....	34
3-8 Beltrami County Forest Conservation Areas.....	44
3-9 Beltrami County Ecoregions	47
3-10 Beltrami County Soils	48
3-11 Beltrami County National Wetland Inventory	50
3-12 Boreal Hardwood/Conifer Ecoregion Soils.....	52
3-13 Boreal Hardwood/Conifer Ecoregion Wetlands.....	53
3-14 Dry Mesic Pine Ecoregion Soils.....	55
3-15 Dry Mesic Pine Ecoregion Wetlands	56
3-16 Dry Mesic Pine/Oak Ecoregion Soils.....	59
3-17 Dry Mesic Pine/Oak Ecoregion Wetlands.....	60
3-18 Dry Pine Ecoregion Soils	62
3-19 Dry Pine Ecoregion Wetlands	63
3-20 Mesic Northern Hardwoods Ecoregion Soils.....	65
3-21 Mesic Northern Hardwoods Ecoregion Wetlands.....	66
3-22 White Cedar Swamp Ecoregion Soils	68
3-23 White Cedar Swamp Ecoregion Wetlands	69
4-1 District 1 Commercial and NonCommercial Forest Stands	77
4-2 District 2 Commercial and NonCommercial Forest Stands	78
4-3 District 3 Commercial and NonCommercial Forest Stands	79
4-4 District 4 Commercial and NonCommercial Forest Stands	80

Tables

2-1	Extent of Forestland in the North Central Landscape 1977 & 1990.....	5
2-2	Ratio of Forestland to Non-Forestland for the North Central Landscape 1977-1990.....	5
2-3	Extent of Forest Type Groups for the Northern Pine Forest Inventory and Analysis Unit 1990.....	5
2-4	Change in Forest Type Group Acreage for the Northern Pine Forest Inventory and Analysis Unit 1977-1990	6
2-5	Extent of Silvicultural Systems used on Minnesota's Timberland 1991-1996	6
2-6	Type and Relative Extent of Regeneration Activities on Minnesota's Timberland 1991-1996	6
2-7	Richness of Vascular Plants	7
2-8	Forestland Ownership in the North Central Landscape	7
2-9	Ratio of Public Forestland to Private Forestland for the Northern Pine Forest Inventory and Analysis Unit 1977-1990.....	7
2-10	Ownership of Land in the North Central Landscape.....	8
2-11	Revenue Generated from Beltrami County Forest	11
2-12	Area Timber Industry Expenditures	12
2-13	Beltrami County Timber Sales Proceeds Allocation 2004.....	12
2-14	Beltrami County Public Land.....	13
3-1	County Acres of Commercial Forest by Age Class by Primary Stand Coverture	18
3-2	Inventory of all County Lands Including Non-Commercial Stands	19
3-3	Landscape Ecosystem.....	49
4-1	Beltrami DFFC Summary Table Rotation Age	85
